

HQ Infoline # 422

Headquarters InfoLine

... a service from ...

NZART

New Zealand Association of
Radio Transmitters Inc.

From HQ

HQ Info-line is now being published by HQ. Please make sure you send us your articles by the due date detailed at the end of this newsletter.

Nominations for Council/President

As we near the end of the year, it is time to remind you of the upcoming elections for Council and President. [Attached](#) is a nomination form that you need to complete a) as nominator, b) nominee, c) seconder.

Please forward to me either electronically or by post no later than December 31st this year.

All nominees please submit biographical details and a photo of yourself to the Returning Officer by 10 January 2021.

NZART Shirt orders

We have received our order of the new NZART shirts that we sported at the June AGM. Unfortunately we have misplaced the list of members wanting to purchase one in the move to our new office. Please could you contact or email us if you were one of the members that had put an order in for a shirt.

To those that would like to purchase a shirt, please send us an expression of interest including what size you would like so we can go ahead and order some more in.

Nominations

A reminder to all that nominations close on the [31st December](#) this year to have your say on who will be our Council members and President going forward.

Remits for Conference 2021

This is also a friendly reminder for all branches considering presenting a remit to the upcoming AGM to be held in Napier at Queens Birthday weekend in 2021.

These too must be received at HQ no later than December 31.

Change to the Privacy Act

As at 1 December 2020 the Privacy Act changed. To adhere to this change, we ask that if you do not wish your address to be displayed in 'Call Book', please notify the Registrar at RSM as we are unable to make this change at HQ.

There will be changes to what information I may provide branch secretaries. Next year branch statistics will only include a name and call sign, nothing further can be advised, unless approved by the person being queried.

Talk soon...Debby ZL2DL

From Branches

From Tauranga Emergency Communications group Branch 88

HamSCI is looking for amateur radio operators around the world to help collect propagation data during the December 14 eclipse across South America. Data collection requires an HF radio connected to a computer. There will be a 24-hour practice run on December 5. The main data recording will run from December 9-16, to ensure an abundance of control data. Details of the experiment may be [found here:](#)

MARLBOROUGH AMATEUR RADIO CLUB - BRANCH 22, PO BOX 432, BLENHEIM 7240

THE AMATEUR RADIO
WEEKEND COURSE

The office will be closed from the

24th December - 4th January over the Christmas period.

On behalf of NZART HQ, Debby and I, may we take this opportunity to wish you all a very merry Christmas and a prosperous new year. Please stay safe on the roads out there those of you travelling around NZ over the silly season.

About Infoline

There will be no Infoline until 7th February 2021. But please send all articles in through this time in preparation for the first newsletter for 2021.
